

SUMMER 2022 OPENAIRINTERFACE WORKSHOP PARIS

9:00

Orange & OSA Team - Welcome to the Summer 2022 OpenAirInterface Workshop Paris

9:10

Orange - What the Hell is an Operator doing with RAN and Core open source Code? 9:10 - 09:40

PAWR - OAI as a Catalyst for Building a B5G/6G Research Roadmap in North America 9:40 - 10:10

AMD - Hardware Acceleration as Key Enabler for Disaggregated RAN 10:10 - 10:40

10:40

Coffee break

11:00

Panel: From 5G to B5G/6G, The Vision for OAI
Fujitsu, NI, Orange, PAWR, Qualcomm

12:00

LUNCH BREAK

13:00

Panel: The OAI Public License V1.1 Explained
Ericsson, Nokia, Qualcomm

EURECOM - OAI RAN Project Group: Recent Developments and Future Roadmap 13:40 - 14:00

Firecell - Speeding Up Deployment and Innovation with open-source 14:00 - 14:20

Brazil Eldorado Institute - 5G Private Network with OAI and MEC 14:20 - 14:40

Indian Institute of Technology Hyderabad: ITS USE Case Visualization Toolkit: Integration of SUMO & OAI RAN on a 5G Testbed 14:40 - 15:00

Indian Institute of Technology Delhi - Open-Source Implementation (Testbed) for India Specific Scenario 15:00 - 15:20

15:20

Coffee break and demo visits

16:00

Interdisciplinary Centre for Security, Reliability and Trust - OAI 5G Activities, Achievements and Plans at Sigcom(SnT) 16:00 - 16:20

CapGemini Engineering - The Moving Cloud 16:20 - 16:40

EURECOM - MOSAIC5G Project Group: Recent Developments and Future Roadmap 16:40 - 17:00

17:30

DEMO VISITS + CLOSING DAY 1

AGENDA

13 JULY 2022

9:00

Red Hat - Telecommunications in an open-source Era: A Sneak Peek into the Future 9:00 - 9:30

Qualcomm - Why OAI? Why Now? 9:30 - 10:00

10:00

Coffee break and demo visits

10:40

ZaiNar - A Quick Introduction of ZaiNar and its Interest in OAI 10:40 - 10:42

Panel: Startups, SMEs and their Business Cases with OAI
Allbesmart LDA, Red Technologies, BubbleRAN, Firecell, Open Cells

Nokia Bell-Labs - Control and Debugging of OAI through a Web Interface 11:20 - 11:40

Benetel - O-RAN RU, Architecture and Testing Aspects 11:40 - 12:00

12:00

LUNCH BREAK

13:00

Accelleran - Accelleran dRAX in a Disaggregated Open RAN Ecosystem Including OAI 13:00 - 13:20

Firbolan - RAN Switches for 5G Compatible with O-RAN Architectures 13:20 - 13:40

EURECOM - Core Network Project Group: Recent Developments and Future Roadmap 13:40 - 14:00

Sma-RTy Italia srl - Moving UPF Functionalities at the Edge for Private 5G Networks 14:00 - 14:20

14:20

Coffee break and demo visits

15:00

OpenAirInterface - Edge Computing in OAI 5G Core Network 15:00 - 15:20

Wilab - Zero Touch Network Operation with NWDAF 15:20 - 15:40

EURECOM - MOSAIC5G Project Group: FlexRIC 15:40 - 16:00

16:30

DEMO VISITS + CLOSING DAY 2

SUMMER 2022 OPENAIRINTERFACE WORKSHOP PARIS

Orange Gardens
46 Av. de la Republique, 92320 Chatillon
