AI-Native Networks: Is Open Source Ready - and What's Still Missing ?

- **Q1:** Is there a common definition of an AI-native / AI-RAN network?
- **Q2:** What is still missing from OpenAirInterface to accelerate AI-native experimentation?
- **Q3:** Should the OAI community start building open telecom datasets for AI training and benchmarking?
- **Q4:** Should open-source AI-native prioritize rapid experimentation or long-term production stability?
- **Q5:** How to ensure the long-term sustainability of open-source AI-native projects?
